PART ONE : READING **40%**

Read the text below and do the tasks that follow.

Parents and Their Children's Education

In our opinion, the training or education of children is the primary responsibility of parents. Consequently, if teachers or school authorities are trying to shoulder part of the assigned responsibility, then it would be wrong for parents to entrust¹ the whole burden to them.

Many of us parents think that so long as we pay Parent-Teacher Association (PTA) dues, that alone is enough, and we care less about how our children are faring in school, both academically and otherwise. Even when we want to be generous, we delegate the responsibility of attending a PTA meeting to the child's senior sibling.

It is true that economic pressures take away the energies of parents, but it is also true that the children are the most precious among all that God has given us. Thus, parents must invest time, energy and money in their welfare² and development. Obviously, we cannot sacrifice the well-being of our children on the altar³ of material gains. Reason? It would do us good if the children acquired moral and spiritual growth to enable them to lead sound life. They also acquire the right skills that would enable them to get well-paid jobs that would see them through life; and if it does not happen that way, then we have greatly disappointed them.

We know that the effect of peer pressure on children is intimidating, and so, it is important for parents to visit the schools to study the environment and spend some quality time with them, and advise them appropriately. Undeniably, if parents neglect their responsibilities, the friends of their children will discharge them in the negative way. Parents should bear in mind that the problems resulting from the negative influences from the peers and media are real. Any parent who neglects the necessity of protecting their children from those influences is making a sad mistake.

Besides, the children are expected to become leaders of our society in the future, and parents cannot gloss over their bounden duty⁴ towards their children, when they are being given a helping hand by school authorities and teachers.
