THE SUMMER VACATIONS

During the day, I played many games with my cousins, and we completed our school holidays homeworks. In the evenings, we helped our grandfather in the garden. We watered the plants and learnt to plant new tomatoes. At night, my grandmother told us interesting stories. She is also an excellent cook. We all got to enjoy her delicious dishes daily. My aunt is a good
painter. Every year, she taught drawing and painting to all of us kids. We also went to a nearby dance school to learn dancing After spending a few days with my grandparents and cousins, my parents took me on holiday. Every year we visit different tourist places, and this year we plan to go to Abidjan and spend a few days enjoying the forts and other attractions of the city. We usually return home a few days before the summer vacation ends. I use that time to complete my school work and prepare my books for the school reopening. I also spent time playing with my neighbourhood friends in the evening. I enjoyed my holidays because it was a very intresting moment.
